

FARM STATS

Location : Spencer, IN

Owner: William Harriman

Crops

Heirloom Tomatoes

MEET THE GROWERS

Harriman Farms

The Harriman Farm is located in beautiful Spencer, Indiana roughly one hour south of Indianapolis. William Harriman, the owner and operator of the family farm manages roughly 60 acres of marketable produce items with 2,700 square feet of retail greenhouse production. William's focus is on providing the highest quality produce that speckles the Indiana countryside every summer. William has been growing fruits and vegetables with his family since the age of six and maintains that it has been his life's passion

from the time he picked his first tomato. The Harriman Farm produces tomatoes, sweet corn, melons, cabbage, and peppers but William is best known for his mixed Heirloom variety tomatoes that he proudly grows for Indianapolis Fruit. Nothing highlights a summer in the Midwest like juicy heirloom tomatoes and succulent sweet corn and it would be difficult to find a grower that provides better summertime selections than William Harriman of Harriman Farms.
