## Michigan Fine Herbs

Michigan Fine Herbs, located in rural Shelbyville, Michigan, is a premier grower, packer and shipper of certified organic culinary herbs. Centrally located to quickly access markets throughout the Midwest, we receive the freshest herbs with the longest shelf life possible. Their entire delivery fleet is refrigerated so the cold chain is maintained until the product reaches your store. In the fall of 2008 Michigan Fine Herbs partnered with Tuinstra Greenhouse, family-owned and operated by the Tuinstra family for over two generations. Vince Tuinstra Greenhouse, family-owned &

operated by the Tuinstra family for over two generations. Vince Tuinstra, current owner and grower, has over 30 years of bedding plant experience, and is incorporating his knowledge to the growing and cultivation of organic culinary herbs. Their farm has 40 acres of land and over two acres of climate controlled growing area, including a hydroponic section that produces Living Basil and a variety of lettuces. Their out-of-season herb supply will be augmented from carefully selected sources from the U.S. and Mexico throughout the year. In September 2010, Michigan Fine Herbs moved into a larger state of the art packing facility that will ensure best practices and major growth potential.
